MyHealth@EU – citizen data

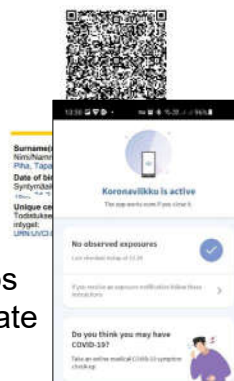

EU Digital COVID Certificate

EU:n koronatodistus
EU:s coronaintyg

COVID apps and certificate

Rare diseases ERNs and the CPMS

SITRA

2

Joint Action Towards the European Health Data Space – TEHDAS

Joint Action

Collaborative project by Member States to develop, share and test tools and approaches to a specific health issue and engage in capacity building.

Participants

Nominated authorities from 25 European countries

Duration

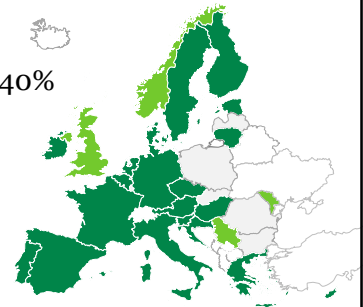

February 2021 – Summer 2023

Co-funding

€4 million - EU 60%, Member States 40%

Project coordinator

Sitra, Finnish Innovation Fund

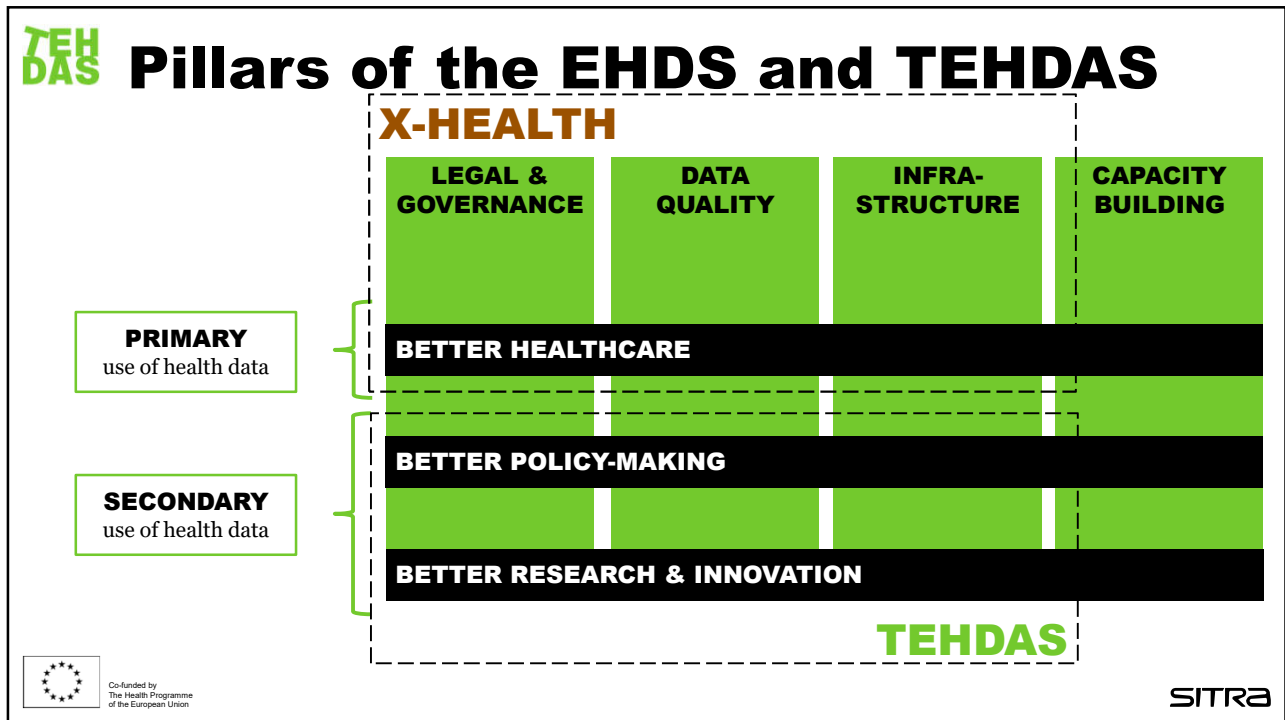

Co-funded by
The Health Programme
of the European Union

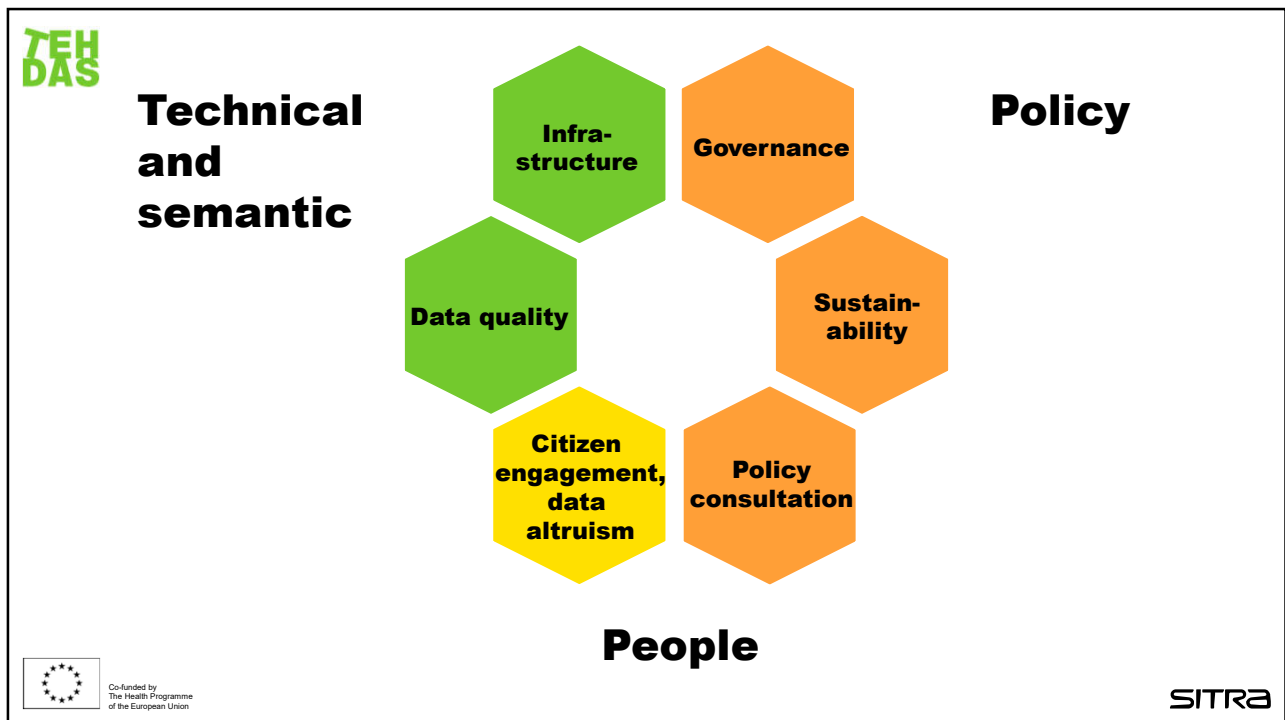

The TEHDAS Joint Action helps
the Members States and the Commission by
**developing and promoting concepts
for sharing of data in secondary use**
for citizens' health, public health, as well as
health research & innovation in Europe.

Co-funded by
The Health Programme
of the European Union

TEHDAS Work Package 5: Sharing data for health

Governance

Options for governance models for data-sharing at EU level, in particular networking for secondary use

5.1

Report on secondary use of health data through European case studies
M13 (Feb 2022)

5.2

Guidelines for European countries when planning national legislation on secondary use of health data
M22 (Oct 2022)

5.3

Best practices for EU cross-border exchange (e.g. data access and data permit processes in different national settings)
M24 (Jan 2023)

5.4

Options for governance models for the EHDS
M19 (Aug 2022)

The needs, expectations and views of stakeholders on economic sustainability

Sustainability

TEHDAS Work Package 4: Outreach, engagement & sustainability

4.1

Country fact sheet
M24 (Jan 2023)

4.2

Policy and Project Forum Report
M24 (Jan 2023)

4.3

Sustainability plan
M24 (Jan 2023)

Preliminary study on funding sources and costs of secondary use of health data in the EU

Co-funded by
The Health Programme
of the European Union

TEHDAS

Preliminary study on funding sources and costs of secondary use of health data in the EU

- Overview of the EU's funding instruments
 - Calls specifically addressing the secondary use of health data are scheduled in the second half of 2022. Two direct grants to MS authorities on the EHDS infrastructure and governance:
 - primary use of data (€30 mill.)
 - secondary use of data (€30 mill.)
- National resources and financing
 - Examples from Findata (3 mill €/year), Denmark, and the Netherlands (110 mill €)
- Financing of current EU data sharing mechanisms
 - Examples from on agency- and project-based funding
 - ECDC/TESSy; MyHealth@EU; ERNs/CPMS; Elixir; DARWIN; PHIRI

Co-funded by The Health Programme of the European Union
