Subject: Declaration by Finland as the Host Member State on ACTRIS ERIC

According to the ERIC Regulation (EC No 723/2009), Article 5 (1) (d), an ERIC application should contain a declaration of the host Member State recognising the ERIC as an international body or organisation for the purpose of the application of Council Directive on the common system of value added tax (2006/112/EC, VAT-directive) and Council Directive on the general arrangements for products subject to excise duty (2008/118/EC, Excise Duty Directive).
